OCTOBER SHOWS GAIN IN FREIGHT SHIPMENTS HERE

N. C. N. G. Railroad Reports Increase in Shipments During Month

So far this month the Nevada Co. Narrow Guage Railroad company has shipped more material into Nevada City than for a like period for well over a year.

In fact, according to Robert Paine, Nevada City station agent, the month of October to date has surpassed in import here, any other full month during 1932.

Perhaps a major contributing factor to that record is the shipment to Nevada City of seven carloads of oil to be used on the Tahoe-Ukiah highway. All of the oil was used on the highway with the exception of four or five thousand gallons. It is understood that the remainder has been sold to the city of Nevada. That oil, when applied with some crushed rock, will be a great help to some of the streets here.

HIGH SCHOOL STUDENT BODY IMPROVE GROUNDS

The Nevada City High School student body has taken it upon themselves to install 80 bumper posts for automobiles on the south end of the school grounds next to the highway.

Forty holes have been dug 30 inches deep and shovel width. There are also forty posts averaging 10 inches in diameter by five feet long laying alongside of the holes. As soon as the first forty posts are installed, the second row of forty posts will be worked on. The rows of posts are planned to be about forty feet apart so that there will be plenty of room to maneuver the cars around to their parking places.

The work is being done by C. S. Arbogast and L. Williams, contractors of Nevada City.

It is understood that later a cement sidewalk along the parking grounds will be put in. There is just a path worn in the dirt there now.

The board of education, it is stated, is planning to spread 150 cubic yards of crushed rock over the parking grounds of the high school. That amount of gravel will give the grounds a four inch coating of rock.

OREGON CREEK MINE EXPECTED OPEN SOON

For the past two weeks the Oregon Creek mine has been closed down in order to arrange for electrical water power development. With arrangements nearing completion, it is expected that the mine will reopen within a week or so.

The Oregon Creek mine, once known as the old Charlie Donnelly mine, is located about 10 miles east of Camptonville. There are 400 acres of gravel in the property, it is understood. For sluicing purposes water must be pumped 850 feet on a 35 per cent grade.

Gravel in the district east of Camptonville runs in the neighborhood of 25 cents per yard.

The Oregon Creek mine is owned and operated by a group of Sacramento mining men.

PENNY BANDITS ARE SENT TO COUNTY JAIL

In the case of the young penny bandits who were brought to the county jail here last week—Mr. and Mrs. Stanley Graham and Miss Ethel Graham, the trio finally decided to plead guilty and therefore were sent before Justice of the Peace Walter Mobley Wednesday where they plead to their guilt in the local robbery.

In the first place they were reluctant to plead to such a charge and it would therefore have been necessary for them to be taken back to Truckee where they were taken into custody some time last week.

They were given 90 days each in the county jail and began to serve their respective sentences yesterday and it is to be hoped that the young folks have learned a valuable lesson.

Pheasant Chasing is New Sport in Nevada City

At noon time yesterday F. F. Breese could hardly believe his eyes. For sitting under his car, which was parked in front of his plumbing shop at 232 Commercial street, was a full grown Golden Pheasant. The passing pedestrians and automobiles did not seem to bother the bird at all.

When Breese had fully recovered from his amazement, he started after the bird, for it was a beautiful thing to behold. It would have made a nice pet for anyone's backyard. But the pheasant liked his freedom too well and had no intention of becoming a plaything in Breese's back yard. So off down Commercial street the bird legged it. Breese was not far behind and was followed by several others who joined in the chase.

There's a picture for you—running down Commercial street—first the pheasant, second a police dog, then a reporter, next a plumber and the rear was brought up by several other local residents. On the face of it that looked mighty bad for the pheasant, didn't it?

But the pheasant was a smart old bird, and as soon as the dog got within snapping distance, he took off in a graceful arch and winged his way beyond Assayer Ott's office and over the Nevada City Garage, leaving the pursuers baffled and defeated.

NATIVE DAUGHTERS MEET IN HALLOWE'EN SPIRIT

At their regular meeting last Wednesday night the members of Laurel Parlor, Native Daughters of the Golden West, received the announcement from Grand President Armstrong of Woodland htat she would pay her official visit to the parlor on the evening of November 16th.

Columbia Parlor of French Corral will be visited by the state officer on the afternoon of that day and Manzanita Parlor of Grass Valley will receive her visit on the evening of November 15th.

Much merriment pervaded the meeting when the Hallowe'en spirit was manifest by the grotesque costuming of the officers on their appearance in the hall, the prevailing color of their headgear being yellow and black while the ornaments thereon ranged from black cats to black owls, from eyeless apples to eyeless pumpkins, while the variety of shapes of the chapeaus was baffling to any hat stylist.

When the regular meeting was over the members went down to the banquet hall where they were met by a "witch" standing beside a cauldron under which blazed a fire and each member had her fortune told in the half-light of the banquet hall.

The menu of the banquet was in keeping with the Hallowe'en season, pumpkin pie being the piece-de-resistance of the meal.

On returning to the main hall competitive games were indulged in by the assembled members the first of these being a "potato game" planned somewhat after an Olympiad, the member who could remember 12 "Maggie Murphys" on a tablespoon and convey them singly to a bowl 10 feet distant in the shortest time was acclaimed the best sprinter and received a prize. Mrs. C. B. O'Connor carried off the honors.

Carrying peanuts on the back of the hands proved unsuccessful for all but Mrs. Adale Tredinnick, who reached the goal with a cargo of 75 peanuts, havnig lost but two in transportation. The prize was hers.

About forty members were in attendance and the efforts of the committee in charge of the affair, with Mrs. Mary Richards as chairman, were warmly congratulated for their work in staging the party.

LOCAL DRUGGIST RETURNS AFTER SUCCESFUL OPERATION

R. E. Harris, proprietor of the Harris Pharmacy has returned home from San Francisco, where he has been for about three weeks, recovering from an operation for removal of cataract from one of his eyes. Mr. Harris is entirely recovered and his friends are glad to see him back on the job again.

Dr. Joseph L. McCool, of San Francisco, performed the delicate operation and Mr. Harris speaks highly of his skill as a surgeon.

GRASS VALLEY LIONS MEET AT LAKE OLYMPIA

Past Presidents Meeting Will Be Featured by Eats and Entertainment

Authoritative information has reached the Nugget office that the Grass Valley Lions Club are holding their past presidents meeting tonight at seven o'clock at Lake Olympia Park. We also learn that several perfectly good young mallard ducks accidentally or otherwise completely lost their heads over the impending event.

Supreme Chef Mrs. F. A. Thurston, of the Lake Olympia Park cast, will do culinary honors for the gala occasion. Such a master stroke to any party gives it a finish such as a cherry tops off an ice cream sundae.

It is understood that several of the best gate-crashers in the country are dusting off their trousers in preparation for this event. In fact you can't tell—you may even see your correspondent throwing his dogs under the table.

Anyway it promises to be quite a gathering, 36 members of the Lions Club being slated to appear. The number of guests is as yet undetermined. We are assured that the duck dinner will be the acme of perfection in that line. Speakers of well known repute will be on hand to strut their stuff. Entertainers and musicians will also add their touch to the gay occasion, and we can't help but feel that all this augurs a good time for all.

NEVADA CITY HIGH HAS GOOD BAND

In an exclusive interview with Mr. L. E. Sweeney, leader of the Nevada City high school band, we gained knowledge of many interesting facts regarding this community organization. We will plunge right into the organization without further preliminaries.

At present 30 pieces constitute the band. The brass section is well balanced but could use some more trombones and baritone clarinets. The band also needs drummers.

Mr. Sweeney stated that one of the main problems in such an organization is to maintain a balance to keep the bad progressing. Several concerts have been given with favorable results and they also have tended to keep the band members in practice as well as giving pleasure to hearers.

Most of the instruments are privately owned, but the school has bought some of the more expensive pieces.

Mr. Sweeney thinks that the esprit de corps of the band would be even better if the organization had uniforms and hopes to attain that goal by giving concerts, beginning about a month from now.

The development of a full symphonic band of about 42 pieces is the aspiration nearest to the heart of all the members of the high school band. There is a possibility of an exchange of band concerts between the Nevada City band and the bands of other high schools, and the local organization is working with keen interest and are rehearsing for the season's concerts.

Some of the local civic organizations have assisted the band and this is very much appreciated. Mr. Sweeney is a capable musician and leader and has had about ten years instruction at some of the best colleges of music in the southwest. He has had actual experience since leaving school and is believed to be thoroughly qualified.

Mr. Sweeney pointed out that none of the members of his band have had more than two years experience, but are playing 4th grade music.

POPULAR YOUNG COUPLE TO BE MARRIED NEXT MONDAY

Two of Nevada City's most popular young people will be united in matrimony next Sunday, October 23, when Donald Earl Steger and Vera Margaret Toccalini take their vows in the local Catholic church at high noon.

Vallejo—A. J. Wise opened a nice new plumbing establishment.

CALAVADA MINING CO. WILL WORK OLD DUMPS

The Calavada Mining Company, of Nevada, have taken over all dumps, some of them over 70 years old, of the old Stockton Hill mine, 10 miles south of Grass Valley.

The tailings are being shipped to the Bettles custom mill located about one and a half miles from Nevada City and at the present time about ten tons a day are being handled, starting on Wednesday of this week.

This company is at the present time working seven men and later on will install a series of grinders and concentrator tables right on the ground that will greatly facilitate the work and will increase the tonnage to about three times the present output.

Robert Spencer, mining engnieer with his assistant, Fred Oppenlander, arrived from Berkeley on Wednesday of this week and have taken charge of the operations.

When the new machinery is in place, which will be accomplished as soon as possible, the work will be speeded up as the crew are working aganist time and expect to have at least thirty days more before the winter storms will prevent any further work.

Mr. Spencer has been looking over the ground for several weeks and looked over several different propositions before his company decided on the location of the work. They will establish headquarters in Nevada City and will open an office here within the next week or so.

JUDGE ORDERS ROBINSON HELD ON MURDER CHARGE

In the case of James Robinson, confessed slayer of his partner, J. H. McCabe, Judge Neville of Sierra county refused to allow Robinson to plead guilty to a charge of manslaughter, but informed Robinson he should have legal counsel and named Raymond McIntosh of Downieville to act for defendant.

In view of the fact that Robinson had confessed to beating his partner over the head with a rifle in a bitter quarrel and then it was brought out he had also shot him in the stomach Judge Neville refused to allow the manslaughter plea.

The men were former partners, but had separated and the fight took place at a meeting of the two men at the Chipps mine three miles above Sierra City.

R. A. EDDY SEEKS RE-ELECTION AS SUPERVISOR

In another column will be found the announcement of R. A. Eddy as a candidate for reelection as suervisor of the first supervisorial district. Mr. Eddy has served the district favorably for many years.

For a great part of his service as supervisor Mr. Eddy has been chairman of the board. He has met the responsibilities of his position at all times to the best of his ability.

Mr. Eddy points with pride to the fact that he has always insisted on rigid economy in county affairs. Since the budget system of handling county monies has gone into effect, Mr. Eddy has, with other supervisors, insisted that no items of expense not absolutely necessary, be included in the budget.

Born in Nevada City, Mr. Eddy has spent his entire life in the district and knows its needs as well as any man. He promises that if elected he will perform the duties with the same faithful attention that has been his rule in the past.

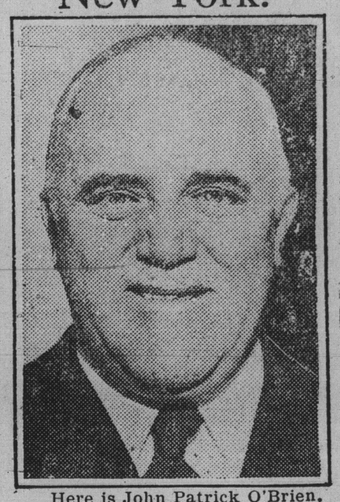
LUNCH COUNTER CHANGES HANDS IN NEVADA CITY

The lunch counter in Dad's Place on Broad street has been taken over within the past week by Jack Cartier. Mr. Cartier is changing the interior of the kitchen and lunch counter around to meet his demands and in a few days he will serve a regular merchants lunch. He says the prices will be reasonable too.

Mr. Cartier has been chef in some of the leading hotels and eating houses of the country. Most notable among them is the Del Monte hotel. During his 25 years of experience in that line he has spent several years in some of the famous eating places in Los Angeles and Hollywood.

This is just another good example of the ever increasing business that is coming to Nevada City.

Next Mayor of New York?



Here is John Patrick O'Brien, Democratic nominee for the mayoralty of New York City, the post recently vacated by the resignation of James J. Walker. O'Brien was named when the Tammany organization of New York City was compelled to withdraw their support for Walker's re-election to prevent a party split.

WELL KNOWN ORCHESTRA WILL PLAY FOR VETERANS

Banner Mountain Post No. 2655, Veterans of Foreign Wars, will hold their first benefit dance at the Twin Cities Pleasure Hall, Saturday evening, October 22, with Eddie Smith and the Californians, as the headline in the way of music.

Banner Mountain Post was just recently organized in Nevada City, and now has 30 members. It is composed of veterans who have served in the United States Army, Navy, or Marine Corps on foreign soil. All veterans are eligibile regardless of the war the service was in. The Veterans of Foreign Wars was organized in 1899, and ot date has about 500,000 members.

Banner Mountain Post is the only one of its knid in the county. The county needs it here, and to exist the post eeds the support of the county.

The public is urgently requested to support this organization in the coming dance, and all future affairs, as they are all men who served under "Old Glory" and protected this country in time of strife.

CHAMBER OF COMMERCE PUTS OUT NEW PHAMPHLET

The past few days the Nevada City Chamber of Commerce has been passing out a few descriptive folders enumerating the many natural resources of our home land. The title is "Homes Among the Hills" with a supporting caption of GOLD—HEALTH —HAPPINESS." On the front is pictured highly colored picture of a view as may be seen in almost any direction from our fair city.

Inside there are 7 photographs showing mining, winter sports, good roads and views of our many advantages. Word pictures of our city and surrounding territory accompany the photos.

On the back of the folder is a Nevada County road map and a few paragraphs telling how to reach this little city. A table of distances is also given.

The pamphlet is cleverly made up and should be instrumental in spreading the story of Nevada City throughout the land.

JUDGE TUTTLE TO BE IN LOS ANGELES UNTIL NOVEMBER

Judge Raglan Tuttle, who has been in Los Angeles presiding in the superior court of Los Angeles in Los Angeles County, expects to be away at least until November first. Judge Tuttle has been away for over a week now.

The trial in which James Smith is plaintiff against the Metropolitan Life Insurance Company takes place on November 3 here in the superior court. This is a jury trial and the Judge is scheduled to preside; hence the necessity for his return by that time. The suit if for damages against the insurance company.

VISITS HUSBAND

Mrs. Lawrence Carter came up from Sacramento and is visiting with her husband this week. Mr. Carter is in the employ of the Hoge Mining Company.

Lodi—Bids opende for site of the proposed postoffice.

SILVER PICK CO. TO BEGIN ACTUAL WORK THIS WEEK

Nevada Mining Co. Which Recently Bought Property Will Begin Production

After two weeks of preliminary work on their properties here, the Silver Pick Mining company is going to start real production work soon. The Silver Pick people have within the past few weeks acquired the group of properties consisting o the St. Louis, Le Compton, Federa Loan, Constitution and other ad joining mining claims. These mine are located about four miles eas of Nevada City beyond the Murchie mine.

For the past two weeks, Lloyd L. Root, vice president and general manager of the Silver Pick Mining company, has had a few men at work on these mines under the direction of Phil Folck. By the end of this week Folck, as superintendent, has been authorized by Root to add 10 or 12 men to the working force on the mines. Folck is a Grass Valley man, but for the past 18 months has been under Root as superintendent of a mine in Calistoga.

Root is an eminent mining man in California and Nevada. Before Walter W. Bradley, Root was California mineralogist for many years. Because of the Silver Pick interests here, he intends to return in about two weeks and make his permanent home in Nevada City. He is here now for just a day or two.

In the past there has been approximately $170,000 worth of development work done on the group of mines. This includes the sinking of shafts and the building of a modern 75-ton flotation plant on the St. Louis mine. Root says that this former development work will be utilized to the fullest extent. The mines are fully equipped and soon they will be running full blast.

Work being done there now consists chiefly of power development. With more men to be put to work in a day or so, these mines should be soon among the busiest in this camp.

It is encouraging to see a live company, such as the Silver Pick Mining company, come to this district. It speaks more loudly than words can tell of the great mining possibilities around Nevada City.

KOPP'S BAKERY HAS MODERN EQUIPMENT

Some one once said "To do a thing uncommonly well brings success"—and this seems particularly true in the case of one of Nevada City's older business houses, namely: The house of "Kopp" one of the finest bakeries in the state in point of cleanliness, equipment and behind all this cold description lies one principle always dominant in all the details—"We Use Only The Finest Ingredients That Money Can Buy." The Nugget sent a special representative to interview the owners of the Kopp Bakery and it was noted that there were carloads of the highest grade of patent flour, the best shortning and fresh eggs—even the salt used was of ahe finest quality and also the water is almost 100 per cent pure.

The making of bread which usually is a prosiac procedure, becomes a bit of romance and one realizes that "Kopps bread is the staff of life."

The high lights of making these breads (Yes breads) for there are man different kinds might be of interest. The flours used are first put into the blender where the flour is thoroughly blended thence into the sifter which delivers to the mixer and the other ingredients are added then dumped into the bread trough from which the dough goes to the moulder and is made into loaves—then to the condition box until it is raised and then to the oven until it becomes brown and delicious. Actually your mouth waters from the smell of that fine fresh bread—you know "Just like mother used to make."

And listen when we try to describe the doughnuts, cakes and cookies the likes of which Kopp can make we really can find no adequate en-

SCRIPPS-HOWARD PAPERS FOR ROOSEVELT

Announcing their support of Franklin D. Roosevelt and the Democratic ticket, the Scripps-Howard newspapers have made the following statement:

"We believe the nation will be better served if the Hoover administration is not returned—that it has been and is an administration of failure."

Continuing, the announcement read: "Roosevelt's expressions of political philosophy are expressions of the philosophy in which we believe." The Scripps-Howard writer quoted a recent speech of Roosevelt in which he contrasted the theory that "if we make the rich richer, somehow they will let a part of their prosperity trickle through to us" with that which held "that if we make the average of mankind comfortable and secure, their prosperity will rise upward through the ranks."

The addition of the Scripps-Howard support to the already powerful forces that are behind the Democratic candiate, is gratifying to those who believe that the only chance f better days in the United States is the election of Roosevelt and Garner.

Hoover's attempt to blame all the ills that beset the country on foreign nations is not being taken seriously by people who read and who think. Republicans all over the country are lining up for Roosevelt and among the latest are Senator Hiram Johnson of California.

The editor of the Nugget has neither the space nor the ability to analyze all the factors that are working toward the election of the Democratic ticket, but the gist of the matter is contained in the brief comment which we have quoted from the Scripps-Howard announcement.

Lumber Talks

Winter sports will soon be the order of the day. Sometimes the twin cities are enabled to stage a winter carnival of their own, but whether the winter brings snow or not, one winter sport remains, and that is the one of doing things to the interior of our homes.

During the rainy days the members of the family find much enjoyment and profit in changing things about—puting in a shelf, building a book case, painting dull surfaces, lining a closet, making a play room in the attic, even replacing old floors with new ones.

Make your plans of a more artistic and convenient home come true this winter. Let us help you. Perhaps a suggestion will be useful and our materials are selected with a thought of your requirements.

Remember, we carry all kinds of building materials and paint and varnishes.

We are at your service.

Nevada County Lumber Co.

FRED E. CONNER, Manager PHONE 29

CIVIL WAR VETERAN STILL GOLD MINING

Mr. E. DePratti, of whom it is said that he is the last surviving Civil War veteran in Nevada county, is still discovering and developing mines, his lifelong "trade."

In 1862 Mr. DePratti discovered the rich placer gold deposit in the North Fork district of the Leach river in Canada. At that time he was known by the nick-name of "Johnny Broom." He was a lightweight prize fighter in the gold camps, and was so called because of his ability to lick 'em clean. In his youth he was quite a favorite with the then old-timers and a great deal of his mining education came from them.

Of the many good placer claims he staked out in the Leach river district, none of them made a great deal of money for him through sales. That was before the time of big prices for gold mines.

From Canada DePratti drifted down into Arizona, then Nevada and finally he located in California. All through his travels, Mr. DePratti prospected and developed mines. Many of them have been and are still good producers.

The first mine that he developed and sold at a good profit was the quicksilver mine in Pine Flat, Sonoma county, the "Crown Point." He sold that mine for $15,000 in 1891. Before that time he had sold many other properties just as good and better than the "Crown Point," but he had rarely received a sum running into four figures.

After finding that it was just as easy to get thousands as to get hundreds, Mr. DePratti aimed for bigger and better figures and usually brought them down.

Not all of his mines have proven to be profitable to him as the Gobin mine in Nevada proves. Mr. DePratti after considerable development on that mine, decided that it was not what he at first thought it might be. Being unable to sell it at the time he gave it away. Later the Gobin mine produced over $250,000.

The old hard rock from down under is still at it. Now he is working on a quartz ledge at French Corral in the "Three Black Cats" mine. That is one of the latest mines discovered by him. As yet considerable development work is to be done on the property before its true value can be determined.

ANNUAL BURNING OF CITY DUMP LAST TUESDAY

Tuesday last under the direction of Assistant Ranger, George Howe, a crew of 12 Forest Rangers helped by several employees from the city, drove out to the city dump about 300 feet west of the city line on Lost Hill. There they proceeded to burn the refuse that has accumulated throughout the past year.

The fire burned most of the day and many people living near here thought that thre was a fife in the hills.

Los Angeles Paving Company received $49,912 contract for paving Firestone Boulevard between Downey and South ate.

Van Nuys—Michael Seidl granted permit to construct blanket and curtain establishment on Vanowen St.

Yuba City—Paving of widened portion of Plumas Street appproved.

Asks Hoover's Re-Election

Stating that conditions would have been much worse but for the "vision, courage and leadership" of President Hoover, former President Calvin Coolidge, above, pleaded for Hoover's re-election when he addressed an audience of 22,000 people at Madison Square Garden in New York City. In a vigorous speech, Coolidge accused the Democratic presidential nominee, Governor Franklin D. Roosevelt, without naming him, of prolonging the depression by failing to speak against the bonus.

Prolonged drought caused the Red Cross to go with help to 58,000 families in the northwest. Here in 144 counties in North and South Dakota, Montana, Nebraska, Washington and Iowa the Red Cross spent $1,980,000 from its own treasury to feed and protect people through the winter and spring.

Other grave disasters were floods in southeastern states, where the organization spent $192,000 from its treasury and $66,000 local contributions to help 13,000 persons.

More than 50,000 people were homeless from floods in tributaries of the Mississippi river and again the Red Cross faced a long relief task, aiding these people. The national organization gave $108,000 and local contributions were $10,000.

The Red Cross always maintains a state of readiness to meet these sudden emergencies, and funds and other essentials to this work are supplied, in part, by the annual roll call, held each year from Armistice Day to Thanksgiving Day. Every citizen can support this worthy activity through joining as a member in the local Red Cross chapter.

AUBURN, CALIFORNIA

Our Correspondents

NORTH SAN JUAN

NORTH SAN JUAN, October 18—Our school baseball team played their first game with the Sweetland school team on Friday afternoon and although both teams played very well the Sweetland team were the victors the score being 17 to 13. A number of spectators were present which was encouraging to the children.

The Ladies Aid Society held its monthly meeting Thursday afternoon in the church. The program for the day consisted of short talks by the members on the most interesting event of the past summer or some other items of interest. Mr. and Mrs. Buckner were present and gave very interesting accounts of their vacation in Southern California, including San Diego and Los Angeles. Miss Annie Winman and Mrs. Harris gave brief readings. Following the program refreshments were served, consisting of melon, fruits and candy. The Aid meets at 2 P.M. every fourth Thursday and all the ladies of the community are most welcome.

Mr. and Mrs. Harry Skinner and children, of Oregon Hill, visited Mrs. Skinner's parents, Mr. and Mrs. Steve Solaro, over the week end. Mr. Skinner is teaching school at Oregon Hill.

Mr. Homer has returned from a visit to Visalia.

Miss Millie Clerkin called on her many friends in San Juan and French Corral on Sunday.

F. M. Harris and W. I. Snook are helping W. Clerkin collect his cattle in the mountains.

Mr. Fodrini is having a well dug near his cottage on Main street and water came in at a depth of eleven feet.

J. J. McCullough took some men up to look at his mine four miles north of Downieville, last Tuesday.

Mr. Neil Ennis and Orville have been on a second hunting trip some twenty miles up in the mountains. Mr. Ennis says there are many deer to be seen in a day's hunt but one can get but few shots owing to the thick underbrush. They have taken home two bucks this season, one a black tail and the other a white tail.

Mr. Joe Fogarty, Mrs. Kern Fogarty, and her mother, Mrs. Dahlberg, her grandson Leland and Miss Alice Baylis enjoyed a trip to Lake Spaulding Sunday, returning by way of Emigrant Gap. At Baxter's Camp, where they had lunch, master Leland was much entertained by some lively monkeys in a cage, an especially amusing one admired himself in a looking glass.

Stanley Bice and Norman Dahneke have gone to Holland Flat to work for a company that will soon open up a hydraulic mine there.

Mrs. Wodell's sister, Mrs. Pinaglia and daughter, Clara, visited here over Sunday. They were accompanied by Mr. and Mrs. Willis McPherson, all of Sacramento. The party had motored to Lake Spaulding and Emigrant Gap before coming to San Juan.

Mr. and Mrs. Joe Young were visited over the week-end by Mr. Young mother, Mrs. Mary Young, and brother and wife, Mr. and Mrs. Charles Young, of Waterford, California.

Mr. Palmer was taken to the Nevada City Sanitorium on Tuesday morning to be operated on in the afternoon for appendicitis. The Palmers are recent arrivals here, living in one of Mr. Huckins's cottages. It is hoped that Mr. Palmer will make a very speedy recovery.

Mr. Sherrill and family have recently moved to the B. McDonough place.

Mrs. Peck and son, Henry were here recently and have purchased Mrs. Kate Montre's ranch on Willow Creek. They were formerly residens of San Juan, living on what is now the Peckwith place. Henry attended school here. Mrs. Peck is a sister of Mrs. Roth, of the Roth ranch.

The Beeson and Carlson families of Garden Valley have moved to the Lutz ranch on the old! Nevada City road.

As the weather grows colder the gold prospectors are coming down from the higher mountains to lower regions for the winter. Mr. Huckins says there are quite a number of them seeking warmer locations and this will be a problem before the winter is over.

Rev. Hamilton, superintendent of the Sacramento district of the M. E. Conference, will preach in the church at 10 o'clock Wednesday A. M., Oct. 26th. Mr. Hamilton is a good speaker and well worth hearing. It would be well worth making a special effort to get out to hear him.

FRENCH CORRAL

FRENCH CORRAL, Oct. 18.—Cattle are being hurried down from the mountains. Two large droves passed through yesterday, one owned by T. Stapler of Graniteville and the other owned by J. Owens of Forest City. A large drove of 470 head came through from Truckee during the week. They were owned by Mr. Fuller and were taken to Folsom.

Mr. Boston is recovering nicely from a painful accident with which he met this week. While breaking a rock a piece flew and struck him in the eye. He was taken to Nevada City, where Dr. A. H. Tickell treated the injury.

James Smith, who has spent the summer here, returned to his home in Yuba City last week.

Clarence Graham, who has been working on the river for several months, moved into French Corral this week.

Gene Higsby, who has spent the past year here, has gone to the Veterans Hospital in Los Angeles.

Mrs. Annie Browning and grandson, Clyde Browning, spent Friday and Saturday in Nevada City.

L. Francesvich and friends, Mr. McNab and Mr. Garrett of Marysville, spent Saturday and Sunday in French Corral.

E. DePratti and Cal Linnell went on a trip to Stockton Saturday.

Mr. and Mrs. McPherson and little daughter of San Mateo are visiting their friends, Mr. and Mrs. Paynter.

Mrs. J. Dahlberg and Joseph Fogarty of Hammonton, were Saturday vistiors in French Corral.

Dr. A. J. Powell of Oakland, returned to French Corral Saturday and will spend some time in this section.

Mrs. K. Sullivan and J. Swazy visited friends in Nevada City and Grass Valley Saturday.

C. C. Mitchell of the Graves ranch had business in French Corrla Saturday and Sunday.

S. Hallett went to Sacramento Saturday to meet his wife who came from Los Angeles. They will reside in the Barron place.

Ray McCullough and Mike Demick called on friends in this place Saturday.

Mr. and Mrs. Dewey Smith of Grass Valley were Sunday visitors at the home of A. Browning.

Mrs. Rose Pagnoli and daughter Clara and Mr. and Mrs. Willis McPherson of Sacramento vsiited with friends in French Corral Sunday.

Mrs. L. Franciscovich and son Clyde Bishop returned to Marysville Sunday after spending several days at their summer home here.

The friends of the late Edward F. Smith of Grass Valley extend their sympathy to the family. As a little boy Eddie was a resident of French Corral and attended school here. His genial disposition won him many friends and he was a favorite with his schoolmates.

FORMER NEVADA CITY MAN STRIKES VERY RICH POCKET

According to reports current about town lately, Gordon Hauskins, who used to be with the Valley Meat Market of Nevada City, recently uncovered a rich pocket of gold near Lovelock, Nevada. It is said that one nugget from the deposit went as high as$1200.00. The total value of the find is unknown yet.

Hauskins has been working on the ledge that ran into the pocket off and on since childhood. Local residents of this city who know Hauskins say that it is not surprising to learn of his killing. His luck has always stood him in good stead in other ways and so why not in the mining game, so they say.

The fortunate man is Mr. Clyde Mugford's cousin. Mugford is Hauskins's successor as the proprietor of the Valley Meat Market, but he says that he hardly expects to fall into it quite as rich as his lucky relative did.

Corning—John Langley erecting building to be occupied by N. Chatfield as gene ral repair and workshop.

Gold Rush Dining Room Describes Nevada County

Last Saturday when Mr. and Mrs. R. L. P. Bigelow attended the opening of the Gold Rush dining room in the Sacramento Hotel in Sacramento, they saw a very vivid reproduction of the gold country and its history around this district.

The following is Hr. Bigelow's description of what he saw:

The dining room is a new addition to the Sacramento Hotel and a great deal of time and effort was spent to make it the most unusual room in America. It is perhaps the largest dinnig room in California and has miniature cabins surrounding the ceter of the room. The center is left open for dancing. Tables are set in the cabins and about the front of them—usually under the wooden awnings that we all know so well.

Each cabin represents some part of this gold country. One is a reproduction of the old hotel in North San Juan. Another shows a building in Camptonville. Others represent the most characteristic buildings or houses in Red Dog, You Bet. Dutch Flat, Nevada City, French Corral, Graniteville, Gold Run, Rough and Ready, Downieville, Grass Valley and many of the other famous mining camps of the old days.

At the dinner Saturday night, a number of old time miners dressed in picturesque and natural costumes mingled amongst the crowd and lent much color to the atmosphere. The miners had their picks, shovels and pans with them and all but did a little prospecting on the floor.

One cabin was brought down whole from the Forest Hill country. On it were carved the names of J. S. Silvertson and E. W. Kelly. Mr. Bigelow tells us that these men worked in the Forest Service. Silvertson worked in that district from 1908 to 1910, and Kelly worked near the same district from 1906 to 1910. These facts make the old cabin now in Sacramento quite an historical relic.

Sivertson is now an accountant for a chain store in New England, while Kelly is regional forester with headquarters at Missoula, Montana.

The cabin must have been knocked down and then transported in that condition to the hotel in Sacramento where it was reassebbled.

To complete the rugged picture depicted in the dining room, the bark of four big, rugged 200-year-old cedar trees was built up to give the appearance of live trees growing in the room. If a person were led blind-folded into the dining room and then told to guess where he was, his answer would probably be, "In the heart of Nevada county."

Any person who is well acquainted with this district should try to see this replica of the gold country. It was built under the direction of artist director Wilson who has some 50 or 60 decorators working under him at all times in northern California. Wilson was ably assisted by H. C. Peterson, who is the curator of Sutter Fort in Sacramento.

Tulare—S. Roddal's moving garment factory to this city.

Better Coffee Every Time!

Coleman
ELECTRIC COFFEE MAKERS

Coffee that is always mellow, rich and satisfying is easy to make in the Coleman Coffee Maker. Brews it the "no-boil" way, retaining all the fragrance and flavor.

The Colonial model is beautiful in design. Finished in special process, extra durable nickel plate. Six or 9 cup sizes. Ebonized handle. Has extra large heating element. The non-spill spout is a feature you'll like. Extra quality cord and plug. This attractive coffee maker is an ideal gift for any occasion.

CAMPTONVILLE

CAMTONVILLE, October 16th—Peter Ough, of Sacramento was in town Tuesday on a short business trip.

Eugene Vassar left Tuesday for his home at Pittsburg after a few days visit at the Hotel Francis.

Charles H. Greene, of Grass Valley was in town Wednesday on a short business visit.

Miss Lola M. Labadie left Tuesday for her home at Browns Valley after a few days visit here.

W. H. Cartwright, of Grass Valley was in town Thursday from the Valley enroute to the upper country with a load or produce.

E. R. Stambough, of Nevada City, was in town Wednesday on a business trip.

Paul Bacheals, of Goodyears Bar passed through town Thursday from the lower country en route to his home.

Mr. and Mrs. Louis J. Joubert left Wednesday for Sawyers Bar on a short business trip.

Miller McBride was in town this week attending to some business matters.

Julus E. Pauly motored to Marysville Friday on a short business trip.

Mr. and Mrs. Henry C. Katenhorn, of Sacramento were in town Thursday atending to some business matters.

Charles Ennes, of North San Juan, passed through town Friday on the way to the upper country.

Mr. and Mrs. William Grant returned Tuesday from a short business visit to the lower country.

Mr. and Mrs. Fred Kendall motored to Nevada City Friday on a brief visit.

James L. Joubert arrived Friday evening from Sacramento to spend the week end in visting with his relatives.

F. M. Almstead motored to Challenge Friday on a short visit attending to business matters.

Hector McNeil motored to Nevada City on a short business visit.

Fred J. Harges, of Newcastle, was in town last Wednesday looking after business affairs.

Dick Culver left Wednesday for Los Angeles where he will remain for a ten days business visit.

Julius Pauly and son, Myron Pauly motored to Mohawk Tuesday for a brief visit with relatives.

C. H. Greene, of Grass Valley was in town Tuesday on a short business visit.

Thomas Wayman, of Pike City was in town Tuesday attending to some business affairs.

John G. Ramm motored to Downie ville Wednesday with a load of nice grapes from his vineyards at Bridger Creek.

Miss Belle Alexander, Superintendent of Schools of Sierra County, passed through town a few days ago, enroute to her home from a trip to the lower country.

Winsmore Chapman moved to Pittsburgh Hill Wednesday to remain for two weeks.

Mr. and Mrs. Albert H. Hamilton and daughter Patty motored up to Nevada City Sunday morning.

Mr. and Mrs. Gordon T. Price left Saturday for Chico to make their future residence, where Mr. Price is employed.

Miss Helen McGinnis, of Petaluma, spent the week-end here.

Mrs. Grace Peterson left a few days ago for Grass Valley where she will remain for some time.

Mr. and Mrs. A. J. Heether returned Monday from Nevada City where they spent the week-end.

James L. Joubert motored to the county seat of Placer county on a short business visit.

William LeMasters passed through town Monday from the upper part of the country enroute to Nevada City.

Albert C. Sommers motored to Nevada City Tuesday on a short trip.

Little Claire Titlow, grandaughter of Mrs. R. R. Anderson, of Nevada City, was painfully injured this week in Tonopah, Nevada, while playing at school.

CRIPPLED HIGH SCHOOL TEAM TO MEET AUBURN

The football game tomorrow at Cashin's Field between Nevada City High School and Auburn high school will in all probability be a most even contest. Although Nevada City whipped Auburn 14 to 0 in the first contest between them some four weeks ago, Nevada City has now four regulars on the crippled list. On the face of it that makes it look like a fairly even contest.

Halfback Pierce is limping around with a badly bruised leg received in the San Juan game last week. It is probable that Pierce will play. If he does he will have to take Oates' place at fullback. Oates and Left Guard Barry are both practically out of Saturday's game because of bad boil infections. It may be possible that Oates will play, but he will play under a great handicap. Barry is definitely out as is Halfback Toccalini. The latter sprained his ankle in the second play of the game last week which fact seriously hampers the local team's running attack. The loss of these regulars from the lineup will greatly injure the ability of the team.

Coach Barron is nevertheless optimistic about his team's chances for a victory tomorrow. All this season he has been developing a good bunch of boys to substitute for his regular players when necessary. Many of them, although new to the game this year, have shown good promise when under fire. Left end Doyle has improved greatly during the past week or so and he seems to have cinched the job that was in doubt heretofore.

The game tomorrow will be the first game played at home and it will give the local high school supporters a chance to see their team ni action. The team's record so far this season has been very good. Especially for a team that has never played the game before. Coach Barron is to be highly commended for the splendid progress he has made with practically green material.

Your correspondent likes Nevada City's chances by about seven points.

Admission prices for the game Saturday will be, adults 50 cents and students 25 cents. The game starts at 2:30 in the afternoon and will be played at Cashin's Field about one quarter mile south of the high school on the left hand side of the highway.

As we go to press Coach Barron says that the probable lineup will be as follows:

Right end	Tamblyn
Right Tackle	Casci
Right Guard	Brown
Center	Tucker
Left Guard	Sharp
Left Tackle	Schiffner
Left End	Doyle
Quarterback	Hoffman
Right Halfback	Chapman
Left Halfback	Barker
Fullback	Pierce

LOCAL HAPPENINGS

Five thousand sheep were driven through Nevada City from the mountains to the Valley Wednesday in the A. M.

Lloyd L. Root, former state mineroligist, was in Nevada City yesterday. He is now associated with the Silver Pick Mining Company.

Mrs. Don Carlos Billick, of this city motored to Sacramento yesterday returning early in the evening. She utilized the trip for both business and pleasure.

Mrs. Anna Larson, Mrs. H. B. Wright with Mrs. Ernest De Prati, motored to French Corral where they visited with Mr. William Moulton and Mr. Calvin Linnell.

Charles Monro, San Francisco mining engineer, was in town Tuesday. Munro has considerable holdings on San Juan ridge and is interested in the water development in that part of the country.

George Neagle Jr., son of Mr. and Mrs. George Neagle, of this city was a visitor at his parents home last Saturday and Sunday. The younger Neagle lives in Oakland and is the Cost Accountant at the Boeing Air-Port there.

James Grimes took the train out of here last Tuesday for his home in Oakland, where he will visit for a few weeks, coming back to Nevada City to cast his vote in the big contest in November.

Fred Connor, of the Nevada Co. Lumber Co. reports that his wife is steadily on the improve, that she is able to be up and around and take light excercise. We are all glad to hear the good news.

J. Charles Jordan, Assistant Manager of the publicity department of the P. G. and E. paid this office a pleasant visit while in town last Monday. Mr. Jordan says he enjoys his trips in this part of the state very much at this time of the year.

Mrs. Mamie Parsons, who has been visiting Mrs. Charles Ninnis, of Piety Hill, returned Wednesday to her home in Oakland. She enjoyed her visit in the beautiful mountain district very much.

Mrs. H. S. Anderson and children, Jean and Richard, of Lower Lake, Lake County have been visting the R. P. L. Bigelows of this city. Mrs. Anderson and her children will be here for the next two or three weeks.

Work on the new four-car garage, which was completely destroyed by fire recently at the Lamaar Fleming home is well on the way this week. Work on the residence was completed last week. The Nevada County Lumber Co. is furnishing the lumber on the garage.

L. L. Patrick, of Goldfield, Nevada, arrived in Nevada City Monday night for a stay from Beatty, Nevada, where he has been for some time past. Mr. Patrick started the old Combination mine and mill at Goldfield in 1905 that proved later to be such a money maker.

Mr. and Mrs. R. L. P. Bigelow attended the opening of the Gold Rush Dining Room in the Sacramento Hotel last Saturday night. Mr. Bigelow the same night attended the annual meeting of the past Grand Presidents of the Native Sons of the Golden West in Sacramento.

The Mrs. A. Larson who is under the care of Doctor Tickell, is not the same Mrs. Anna Larson, of Commercial Street, Nevada City. The latter Mrs. Larson has had a number of people commenting on her speedy recovery, however you may be sure that one Mrs. Larson has not been ill.

Captain and Mrs. Farnsworth, of Richmond, with their friends, Mr. and Mrs. E. O. Dryer, of Oakland, called on Mr. and Mrs. George Adams of Grass Valley last Monday. They spent most of the day at the home of Mr. and Mrs. Clark on the old Bree Ranch betwwen Grass Valley and Auburn. Mr. Clark is a cousin of the Captain's.

Mrs. Loren Williams is spending a few days in Sacramento visiting with her daughter.

Will Davis of Sacramento spent last week-end at his home in Willow Valley. His wife returned with him and is spending a few days in that city.

Mr. and Mrs. Roy Howell returned to their home in Oakland after spending the summer on their mining claims on White Cloud mountain, near the ski course.

Peter Buel, ex-mayor of Las Vagas, Nevada and a mining man, is expected to visit Nevada City in a week or so. Mr. Buel is a well known mining man throughout the United States. He is interested in mining property throughout this district.

Drummers Fred Harges for the American Biscuit Company and Mr. Joseph Korn, of the Zellerbach Paper Company made a business trip to Downieville last Tuesday morning. They returned to Nevada City on Wednesday evening and after a short stay, went on through to Sacramento. Harges has been making this territory for over forty years and is well known in Nevada City.

Norman Kistle expects to make a business trip to Sacramento this week end. While there he plans to attend a dinner dance party given in honor of Consuelo Peart DeCoe by the Women's National Auxiliary of the Veterans of Foreign Wars. Mrs. DeCoe, a Sacramento woman, is the National President of the Auxiliary, which is the highest position obtainable in this order.

CATTLE MOVED FROM HILLS TO THE LOWLANDS

Cortland Wright, son of Mr. and Mrs. H. J. Wright of this city, drove a herd of nearly 500 head of cattle into Nevada City last Tuesday evening. These cattle were from grazing land near Rough and Ready.

Tuesday night the cattle were corraled in the Richards and Calanan cattle yard. Early Wednesday morning Wright drove the herd away, headed for Penn Valley. They will be wintered at the Guy Robinson ranch there.

Wright is working for Guy Robinson.

WEEKLY COMMENTS
By Christian Anderson

England must have taken a leaf out of Hoover's book for they, too, blame the reds for all their troubles.

Do we Nevada Cityans realize that our city is the gateway to all the back country north. If not, it's time we did. How can we let it be known that Nevada City wants this back country business. Here's how: Don't sit back and wait for business. Go out after it. Fix up the entrances to the north, then decorate the stores and TELL THE WORLD IN PRINT.

Someone said that former Secretary of the Treasury Mellon, another Hoover protege, was hustled off to the Court of St. James to keep from being ousted from his position as secretary of the treasury. Anyway his banishment does not seem to cause any grief among the working men.

Former Commander Stevens of the Legion seems to have misunderstood the will of the majority when he said that he was bound by the mandate of the Detroit convention to oppose the immediate payment of the adjusted service certificates. Perhaps he knows now that he was wrong.

At any rate, as one gold miner said, "Well, I may not live on the fat of the land, but, anyway, I have enjoyed real freedom for the first time in my life." We think that's something.

In contacting a Nevada City business man this remark dropped from his lips, "I am not taking advantage of the depression to make my help work any cheaper." He's successful in business, too. Wonder why?

Bob LaFollette of Wisconsin, the senator who seems to be able to think for himself, endorses Roosevelt for president because he feit that Roosevelt could be depended upon to cooperate with the progressives in fostering legislation to meet the extraordinary economic conditions. We always did feel that the LaFollettes could be depended on.

ADDITIONAL WORK IS DONE ON CITY STREETS

Wednesday, Coyote street from Commercial street to the city limits, was given a thick coating of oil. This was followed by the application of a heavy layer of crushed rock.

The work was done by A. Teichert and Son, Inc., of Sacramento, under the supervision of Superintendent of Streets H. S. Hallett.

Both the spraying of oil and the spreading of gravel were done by special road building machines.

With the work already done on Coyote street and on West Broad street, Nevada City will have a fine network of streets.
